We are glad to offer you a room at our Kolpinghaus and we wish you a pleasant stay.

Living together in a community requires an atmosphere of trust and respect as well as certain house rules which are binding for everyone. Within the framework of our House Rules keep in mind that:

The limit to your freedom is the individual freedom of the other residents. As each person enjoys a circle of freedom around him*her, we ask you not to invade the freedom of others.

Christian and social values form the basis of our Kolpinghaus which serves as a residence for young people and adults who are studying at the University or are in training in Vienna.

Moving-in:

Employees of the administration office are available as contact persons. When moving in you will receive the keys for the room and the post box. The room is handed over basic cleaned. When receiving the keys, the room is handed over. The occupant confirms by signing the certificate of delivery the cleanliness, completeness of the equipment and intact condition of the room.

Compulsory registration:

You have to take note of your obligation according to paragraph 3 and 4 of the Registration Law and to register or to give notification of a change of address within three days at the municipal authority.

Deposit:

Residents are required to take care of the equipment of the house. You paid a deposit, this amount will be repaid after the room has been handed over (key delivery – certificate of delivery) when nothing is damaged and when there are no financial obligations due to our house. Unpaid claims can be withheld from the deposit.

Payment:

The monthly fee has to be paid in advance before the 5th day (valuta bank) of the respective month. To ensure a timely receipt of your rent on our account and to reduce the administrative burden, we propose to set up a SEPA Direct Debit Scheme. Please give us an authorization. In case of failure to meet the payment deadline we will charge reminder fees of €10,00 per reminder.

Termination:

The place in the residence can be terminated on both sides. Notice of termination shall be given until the end of the month. The period of notice is one month. This means that the written notice has to be received by the administration office until the last day of the previous month. The rental charge has to be paid in full until the expiration of the period of notice. If the student moves out before the expiration of the period of notice no reduction or repayment will be granted. A notice of termination or immediate cancellation of the contract through the Kolpinghaus Wien-Zentral is made out of court by means of a letter which is handed over personally or sent/left at the last known address of the student. The student is committed to inform without delay about possible changes of the address, otherwise the dispatch of the letter to the last known address will have the effect of a regular delivery.

The notice of termination or immediate cancellation of the contract of use through Kolpinghaus Wien-Zentral is possible in the cases mentioned in paragraph 12 of the StHG (=Austrian law "Studentenheimgesetz"). FIRE EMERGENCY PROCEDURE

1. ALERT

If you discover a fire immediately sound the alarm and report it to the reception desk respectively. Red fire alarm boxes are located in the entire house at the exits and emergency exits.

2. RESCUE

After sounding the alarm, check if persons are in danger. Remember: The rescue of human life must be given priority over fire-fighting. Endangered persons have to be warned. Persons with burning clothes should not be allowed to run away: Victims have to be wrapped in blankets, coats and put on the floor to extinguish the flames.

If you cannot escape: open or break windows call for help and draw your attention to the rescue team. Leave the rooms and the building via the marked escape routes. Do not use the elevator in case of fire!!!

3. EXTINGUISH FIRE

If you feel competent to do so attempt to put out the fire with the portable fire extinguisher. If you realize that heavy smoke or the scope of fire prevent appropriate action, with regard to your own safety, stop fire-fighting and close doors and windows and wait for rescue.

BUILDING ALARM

ALARM SIGNAL: SIREN

This signal indicates that a fire alarm was set off somewhere in the building or that some sort of danger has arisen which makes evacuation necessary.

- Stay calm and use common sense! Do not cause panic – this is strictly forbidden!
- Indicate locations of exits and emergency exits and demand everyone to leave the building.
- Everyone must leave the building immediately and go the designated assembly point – Gumpendorfer Straße/Stiegengasse. Do not leave this assembly area without obtaining permission from the fire-fighters because at the assembly point a head-count is conducted to ensure that all persons have been evacuated. Missing persons have to be reported immediately to the officer-in-charge.
